

NRT Best Practice - Five Reports -

The five best practice reports are available on the NRT website:

- Comprehensive Community Planning
- Environmental Assessments
- First Nations Consultation and Accommodation
- Governance
- Land Use Planning

Best Practice – Common Themes

The common themes found in the BP reports are:

- Capacity development
- Engage community members
- Maintain participation
- Strategic planning
- Incorporate traditional knowledge
- Assertion of jurisdiction
- Relationship building
- Access to capital

Comprehensive Community Planning

- Reach community goals
- Based on community values, priorities and preferences.
- Integrates culture, economy, governance, leadership, infrastructure, health, education, natural resources and land use.
- The Right Person leads CCP
- Requires commitment over time.

CCP Process

- Leadership supports the CCP process
- Community educated about CCP
- Community values, preferences and needs drive CCP
- Community involved throughout the process
- Gather appropriate data to support community goals
- Organize people and resources to complete CCP tasks
- Did the CCP realize the community's goals?
- Amend the CCP as needed. Always evolving.
